The Essential Core Values of the Constitution Party of North Carolina

Please review the Essential Core Values of the Party carefully before signing the below pledge stating that you agree with and will adhere to the Essential Core Values while in office. Be sure to attach to this Pledge a statement on each of the Essential Core Values of the Party stating your view on the value and how you have in the past and plan in the future to support these values. Applications without statements from the candidate on the Essential Core Values of the Party **will not** be considered for an endorsement by the Party.

Sanctity of Life

The pre-born child, whose life begins at fertilization, is a human being created in God's image. The first duty of the law is to prevent the shedding of innocent blood. It is, therefore, the duty of all civil governments to secure and to safeguard the lives of the pre-born.

To that end, the Constitution of the United States was ordained and established for "ourselves and our posterity." Under no circumstances may the federal government fund or otherwise support any state or local government or any organization or entity, foreign or domestic, which advocates, encourages or participates in the practice of abortion. We also oppose the distribution and use of all abortifacients.

We affirm the God-given legal personhood of all unborn human beings, without exception. As to matters of rape and incest, it is unconscionable to take the life of an innocent child for the crimes of his father.

No government may legalize the taking of the unalienable right to life without justification, including the life of the pre-born; abortion may not be declared lawful by any institution of state or local government - legislative, judicial, or executive. The right to life should not be made dependent upon a vote of a majority of any legislative body.

Further, we condemn the misuse of federal laws against pro-life demonstrators, and strongly urge the repeal of the FACE Acts as an unconstitutional expansion of federal power into areas reserved to the states or people by the Tenth Amendment. In addition, we oppose the funding and legalization of bio-research involving human embryonic or pre-embryonic cells.

Finally, we also oppose all government "legalization" of euthanasia, infanticide and suicide.

Religious Freedom

Article I of the Bill of Rights reads: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof."

Our Constitution grants no authority to the federal government either to grant or deny the religious expressions of the people in any place. Both the First and Tenth Amendments forbid such tyranny.

We call upon all branches of government to cease their attacks on the religious liberties of the people and the states, regardless of the forum in which these liberties are exercised.

We assert that any form of taxation on churches and other religious organizations is a direct and dangerous step toward state control of the church. Such intrusion is prohibited by the Constitution and must be halted.

We assert that private organizations such as the Boy Scouts of America, can determine their own membership, volunteers, and employment based on their oaths and creeds.

Traditional Family

We assert that the traditional nuclear family, consisting of one man and one woman joined by marriage, is the healthiest and most secure relationship, and form of family, in which to create a stable and prosperous environment to establish and build strong families. We believe it is the best form of family and should be encouraged by law.

Private Property Rights

We affirm the Fourth Amendment right of the people to be secure in their persons, houses, papers, and effects against unreasonable searches and seizures, including arbitrary or de facto registration, general and unwarranted electronic surveillance, national computer databases, and national identification cards. We also reaffirm that civil governments must be strictly limited in their powers to intrude upon the persons and private property of individual citizens, in particular, that no place be searched and no thing be seized, except upon proof of probable cause that a crime has been committed and the proper judicial warrant issued.

We assert our opposition to using Eminent Domain to take private property, through the force of government, from one private party to give to another.

Pro-Second Amendment

The right to bear arms is inherent in the right of self defense, defense of the family, and defense against tyranny, conferred on the individual and the community by our Creator to safeguard life, liberty, and property, as well as to help preserve the independence of the nation.

The right to keep and bear arms is guaranteed by the Second Amendment to the Constitution; it may not properly be infringed upon or denied.

The Constitution Party of North Carolina upholds the right of the citizen to keep and bear arms. We oppose attempts to prohibit ownership of guns by law-abiding citizens, and stand against all laws which would require the registration of guns or ammunition.

National Sovereignty

The United States is properly a free and sovereign republic which should strive to live in peace with all nations, without interfering in their internal affairs, and without permitting their interference in ours. We are, therefore, unalterably opposed to entangling alliances – via treaties, or any other form of commitment which compromise our national sovereignty, or commit us to intervention in foreign wars.

To this end, we shall:

- Steadfastly oppose American participation in any form of world government organization, including any world court under United Nations auspices;
- Call upon the President, and Congress, to terminate United States membership in the United Nations, and its subsidiary organizations, and terminate U.S. participation in all so-called U.N. peace keeping operations;

- Bar the United Nations, and its subsidiaries, from further operation, including raising of funds, on United States territory; and

- Propose that the Constitution be obeyed to prohibit the United States government from entering any treaty, or other agreement, which makes any commitment of American military forces or tax money, compromises the sovereignty of the United States, or accomplishes a purpose properly the subject of domestic law. In this connection we specifically denounce the agreement establishing the proposed Free Trade Area of the Americas (FTAA) and any other such trade agreements, either bilateral or regional in nature. All treaties must be subordinate to the Constitution, since the Constitution is the only instrument which empowers and limits the federal government.

American troops must serve only under American commanders, not those of the United Nations or foreign countries.

Anti-Socialism

We assert that we are opposed to Federal Aid, Foreign Aid and National health care.

We deny the assumption that civil government has the authority to set wages and prices; so doing is inconsistent with principles of individual liberty and the free market.
